

DUSCHOLUX

DUSCHOLUX

Over five decades of experience, expertise and innovation have passed between then and now. Much has changed since DUSCHOLUX was founded in 1967. New technologies, markets and trends have arrived. Our impressive products have stayed and aren't going anywhere.

For more than 50 years, DUSCHOLUX has been designing bathrooms that are right up to date and fulfill your every desire. No matter whether you want to recharge your batteries, relax for a while or just use it every day. No matter how big or small your room or how unusual your idea – your request is our only priority.

DUSCHOLUX

From 2019

1967-2003

A brand that moves with the times is a brand that moves with you. Trends and new styles are created due to needs or customers' requirements. With our passion for DUSCHOLUX, we let you play a part in this evolution.

2003-2018

Three core values describe our DUSCHOLUX identity:

Personal

Each project is as unique as you are. As a partner, DUSCHOLUX wants to support and inspire your personal vision. This promise applies both to our product worlds and to our special service. We address your personal requests during the consultation and planning stages. You can count on us to be reliable and to work with you as a partner.

Expert

Top quality in all areas is what motivates us every day. Benefit from over 50 years of experience in the bathroom sector, efficient European manufacturing and our proactive approach to quality, design and functionality.

Inspiring

You can buy products but you can't buy experience. We ensure that our high-quality solutions impress you again and again both with their modernity and with the feeling of having chosen the right partner. We give you long-lasting, sustainable products and services that inspire.

DUSCHOLUX

Head Office, Switzerland

An international presence.
Welcome everywhere.

As one of the leading worldwide manufacturer of shower enclosures, we bring you all our experience operating four production sites and numerous sales organizations across Europe, Scandinavia, the Middle East and around the Asia Pacific rim.

Thailand

Duscholux in Thailand

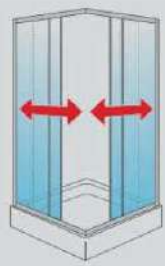

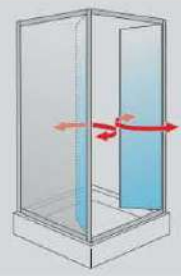

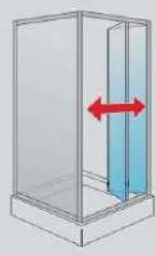

For more than 25 years, since 1996 Duscholux has been producing high quality shower enclosures in Thailand. All the production is to the same high standard demanded by the European customers as the main focus originally was to support the European Sales Organizations. In more recent time the company now supplies many retail and project customer in Thailand and now across many Asia Pacific rim countries.

Unique Warranty Number

Each Duscholux shower enclosure has a Duscholux badge which when the cover removed will display a unique product & warranty number.

Glass SHIELD

Optional frosted glass available

With Glass Shield

Without Glass Shield

Glass Shield Nano Coating

The Glass Shield nano coating has been applied to our shower enclosure to ensure they remain in sparkling condition for longer, easy cleaning, reduce limescale & dirt and protect the glass corrosion.

Splash water tightness

Shower is not just shower. This doesn't mean only the external shape and look. Because the design of the shower wall and shower floors also determine the degree of splash proof. There is a simple formula : the more the profiles are educated and concise, the higher the water protection is.

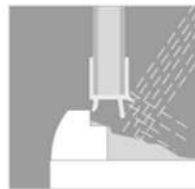

It doesn't matter if the shower enclosure is framed or frameless. Shower enclosure from Duscholux meet the technical requirement for leak-tightness. For execution of the shower floors there is a rule : the deeper and more pronounced, the inner from, the higher the resistance during showers.

Frameless shower enclosures provide good splash protection. Due to the not existing bottom profile water slightly can splash outward. This is opposite to an unmatched transparency, exclusivity and easy cleaning.

Partial framed shower enclosures provide a very good splash protection. The slim profiles largely prevents the leakage of water splashing but still give the shower enclosure a light appearance.

Framed shower enclosures with a distinct profile have particularly good sealing properties. The higher the bottom rail is designed, the less water can - even dammed - flow outward.

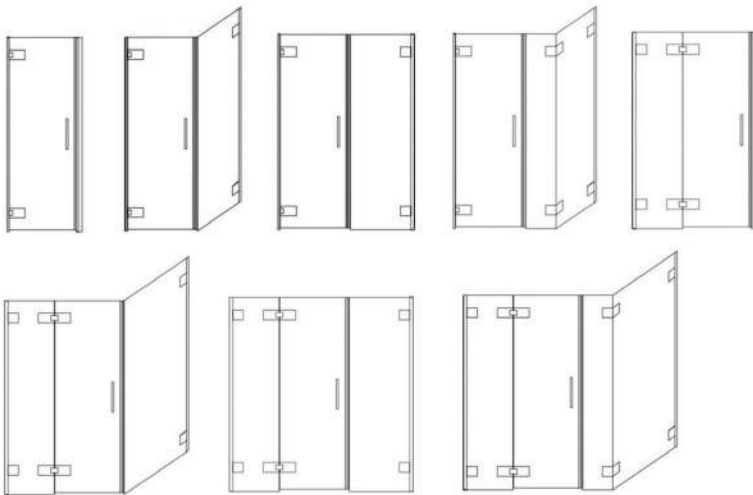

Nexus

DUSCHOLUX

Models

Nexus

DUSCHOLUX

Nexus Range Features

- Frameless Hinged door shower enclosure.
- Tempered clear glass thickness 8, 10 mm.
- Glass Shield nano coating available.
- Unique Rise-fall featured hinge when open-closing the door.
- Full length seal water tight.
- Wide range of made to measure.
- Standard shower enclosure height 2000 mm.
