Absolute customization

The GROHE SPA Icon 3D collection reimagines the possible, taking sustainable product design and collaborative customization to unfathomed levels.

We have pushed the limits of 3D metal printing, to create bathroom artefacts that redefine precision and exclusivity. Our hyper-minimalist faucet design saves precious resources, while conveying the purity and elemental spirit of water rituals. The collection signposts unprecedented new possibilities in super-premium bathroom design.

CELEBRATING WATER
AS A VISUAL EXPERIENCE

GROHE ALLURE BRILLANT ICON 3D

The reduction of the design to an absolute minimum and the emphasis on the pure essence of the shapes not only saves valuable resources, but also offers a new experience of water. The hollow interior of GROHE Allure Brilliant Icon 3D in the familiar silhouette make the water flow look like a magical, optical illusion.

SHAPING THE
FUTURE OF WATER

GROHE ATRIO ICON 3D

The ultra-thin spout of the GROHE Atrio Icon 3D underlines GROHE's ambition to re-think what is possible. The elaborate process of 3D metal-printing defines the exclusivity of the Icon 3D series: Each product is unique, and the edition of the collection is limited to a few pieces per year.

Private Collections – Personalized luxury

The luxurious GROHE SPA Atrio and Allure Brilliant Private Collections feature carefully curated colors, materials and finishes, promoting versatility and individuality.

We collaborated with global pioneers Caesarstone to develop exquisite materials to incorporate into our faucet designs, elevating them into sculptural masterpieces. These beautiful quartz accents can be reflected creatively in wall and surface materials, to achieve a harmonious balance between the fittings and the physical space they inhabit. Together with elegant tactile finishes, like immaculately knurled handles, GROHE SPA provides the creative inspiration to conceive sumptuous, one-of-a-kind bathroom concepts.

REDEFINING CUSTOMIZATION

Colors, Materials, Finishes – Harmony in design

GROHE SPA represents the pinnacle of bathroom design. Our product portfolio is broad yet harmonious, inviting endless combinations of design elements to achieve extraordinary results.

We obsess about colors and materials, because we know that every miniscule detail makes a difference. There is an invisible thread running through all our collections, in line with what we call 'the perfect match principle'. This helps designers and architects create holistic, coherent spaces, while appealing to personal tastes and preferences. As leaders in bathroom trends and technologies, we anticipate the zeitgeist, shaping the future of bathrooms and water experiences.
